NOTICE OF PRIVACY PRACTICES

Effective Date: September 23, 2013

THIS NOTICE DESCRIBES HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION.

PLEASE REVIEW IT CAREFULLY.

If you have any questions about this notice, please contact the Facility Privacy Official by dialing the main facility number.

Each time you visit a hospital, physician, or other healthcare provider, a record of your visit is made. Typically, this record contains your symptoms, examination and test results, diagnoses, treatment, a plan for future care or treatment, and billing-related information. This notice applies to all of the records of your care generated by the facility, whether made by facility personnel, agents of the facility, or your personal doctor. Your personal doctor may have different policies or notices regarding the doctor's use and disclosure of your health information created in the doctor's office or clinic.

Our Responsibilities

We are required by law to maintain the privacy of your health information, provide you a description of our privacy practices, and to notify you following a breach of unsecured protected health information. We will abide by the terms of this notice.

Uses and Disclosures

How we may use and disclose Health Information about you.

The following categories describe examples of the way we use and disclose health information:

For Treatment: We may use health information about you to provide you treatment or services. We may disclose health information about you to doctors, nurses, technicians, medical students, or other facility personnel who are involved in taking care of you at the facility. For example: a doctor treating you for a broken leg may need to know if you have diabetes because diabetes may slow the healing process. Different departments of the facility also may share health information about you in order to coordinate the different things you may need, such as prescriptions, lab work, meals, and x-rays.

We may also provide your physician or a subsequent healthcare provider with copies of various reports that should assist him or her in treating you once you're discharged from this facility.

For Payment: We may use and disclose health information about your treatment and services to bill and collect payment from you, your insurance company or a third party payer. For example, we may need to give your insurance company information about your surgery so they will pay us or reimburse you for the treatment. We may also tell your health plan about treatment you are going to receive to determine whether your plan will cover it.
